## STUDENT DRIVER INFORMATION SHEET

Parking on school grounds is a privilege. In order to have permission to drive to school and park on school grounds, a student must exhibit responsible behavior in school. The following form is intended to supply information. Please fill it out and present a copy of the student's driver's license, insurance card, and vehicle registration. When there is a change in vehicles, it is important that the student submit a copy of the new registration and insurance card. The administration will ultimately grant permission for the driver to park on school grounds.

Is there a reason beyond convenience that requires you to drive to school? \_\_\_\_\_

If so, what? \_\_\_\_\_

As a student of Loudonville Christian School, I understand that driving and parking a car on school grounds is a privilege that must be accompanied with much responsible behavior. I believe I am ready to accept this responsibility. I realize that I must park on the North side of the building (the church side). The vehicle I drive must NEVER be parked in the school parking lot. I agree to abide by all existing traffic and safety laws including a school policy that other students cannot ride in my car to or from school or school-related functions unless both my parents and the other student's parents have granted written permission.
