Dear FIRST GRADE Parents,

This year for our required summer reading program, we will be recording our work in photo albums! Each time a student reads a book this Summer, have them **record the name of the book and the author on the front of an index card.** **On the back they can either draw a picture or write a sentence about that book.** Some ideas for them to focus on could be:

- Their favorite character in the story
- Their favorite part of the story
- Whether they liked the book or not and why
- Where the story takes place

These are merely ideas and the students would be free to draw or write about any aspect of the book that they choose. **After they are finished with the index card, they slide it into one of the picture holders in the album!** When they are finished, they have a fun record of all the books they read over the summer that they can keep! They should bring it to school when they come back in September, and after that it will be theirs to keep! **Children must read at least 15 books.**

You can purchase photo albums at Target, Wal-Mart or Michael's for \$1.00- \$2.00. You should not have to spend more than that on each album. Purchase as many as you think your child will need!

Thank you so much for your help and God bless you and your family!

Sincerely,

Ms. Merzig
