

LOUDONVILLE

CHRISTIAN SCHOOL

School Supply List for Fourth Grade for 2020-2021

Welcome to Fourth Grade! We're glad to have you at LCS. Please see <http://misscrachi.com/back.html#supplies> for pictures and clarification on some items. The Amazon list for this is here: <http://a.co/3sSaCKY> so you can see the items and order ones you want. You don't have to get the ones on that list (other places could be cheaper), but it gives you an idea of what to order.

- 2 boxes of facial tissues (*unscented*)
- 2 *different* bags of individually-wrapped candy (ex: Blow pops, Jolly Ranchers, Airheads, Dum-Dum pops, Smarties, etc.): can get at the Dollar Store
- a water bottle that completely closes (*one with a straw that closes, please, because spills frequently occur*)
- roll-on deodorant (*to be left in your cubby or backpack to use after gym*)
- healthy snack for each day (one item: fruit, veggies, crackers and cheese, pretzels, popcorn)

Academic: Please put your name on everything possible.

- One 2-inch 3-ring binder (any color) (*must fit in order: pencil pouch, the school-provided planner, green math folder, green math notebook, blue ELA folder, paper*)
- **Binder details:** Zippered pencil case that goes in front of the binder (*for pencils, red pens, eraser, scissors, colored pencils, some glue sticks, ear buds, permanent marker; the case goes in the front of the binder*)
- **ALOT** of #2 pencils, sharpened (*I suggest mechanical pencils*)
- red pens or pencils, large eraser, scissors (*small but with pointed blades so they cut well; make sure the scissors are small enough to fit into the pencil case*), a black permanent marker (*fine tip*)
- 1 pack of colored pencils (*an 8-pack is fine*); earbud headphones (*small, so it fits in the pencil case*)
- small pencil sharpener with a shavings catcher (*for the colored pencils; make sure it screws shut so it doesn't spill*)
- glue sticks (*Elmer's extra strength permanent bond is best; don't get washable because it doesn't work well; we use these for our notebooks in almost every subject almost every day, so you'll need a lot-you can put some in the binder and the rest in your cubby*)
- Small pencil sharpener with a shavings catcher (*for the colored pencils; make sure it screws shut, so it doesn't spill*)

- 7 folders with side pockets and 3 hole-punched: Please get one of each of these colors: red, orange, yellow, green, blue, purple, and one unique one (*can be anything, but not one of those colors*). Label each with your child's name. In the binder label: "Home/School" (the unique one: label the left side inside "Goes Home" and the right side "Goes to School"), "Math" (green: label the left side inside "Math Work To Do: HW, Corrections" and the right side "Math Work Done"), "ELA" (blue). The next folders need to be labeled but **don't** go in the binder: Bible (purple), Science (red), Social Studies (orange), and "Stays in School" (yellow).
- 1 green college-ruled, 3-hole-punched spiral notebook: label it "Math" (*see below; this goes in the binder after the green Math folder- pages don't need to be numbered*)
- 1 pack of 8.5x11" college-ruled lined paper (*please use regular paper, not paper torn from a notebook since that creates a mess; put this into the binder after the ELA folder*)
- 3 marble composition notebooks, college-ruled, 100 sheets (200 pages); 3 different colors, if possible- *if you can't get these specific colors, please get black*; label one for Science and Social Studies (red or orange), one for Bible (purple), and one for ELA (blue). Please number the Science/SS and Bible notebook pages (NOT ELA), with number one being the first page in the upper right corner, 2 being the second page in the upper left corner, etc., with odd in the upper right and even in the upper left. It's important that you get 100 sheets (200 pages) for the Science/SS and Bible notebooks and that you number the pages because we use almost every page in those notebooks and we do not go in order.
- Spiral bound sketch book: 8-1/2" x 11" or 9" x 12", 70# weight for art class
- 12-inch ruler with metric on one edge, inches on the other (*don't get one that bends because it will quickly become inaccurate; make sure the inch side has lines of various sizes- see misscrachi.com*)
- a Bible (**you don't need to buy a new one**, but if you do need to get one, please get one without tabs and with a concordance in the back if possible- the NIV Adventure Bible that many students have is a good one)
- a small Merriam-Webster dictionary (*to keep in your desk: Webster's New World Dictionary is recommended*)
- 3x5 white index cards (50) with lines on one side and the other side blank, with a rubber band to keep them together when they are opened
- 6 mini-size binder clips (one each for the planner, Bible, ELA, and math notebooks, and two for the science/social studies notebook)
