

## Pre-Kindergarten Supply List

### The following items are needed by the first day of school:

1. **A BACKPACK** – While they make smaller backpacks are designed specifically for Pre-Kinder, they are generally too small. Instead opt for a small size backpack.
2. **LUNCH BOX**- This is to store snack and lunch in the classroom. I suggest you put a small icepack in the lunch box to keep items cold.
3. **WATER BOTTLE**- Although there is a water fountain outside the classroom it is more convenient to have a water bottle in the classroom.
4. **"BLACK" 1" BINDER** – This is for our ABC books. (please label on the inside)
5. **COMPOSTION NOTEBOOK** – We will be making a math and science interactive notebook with this throughout the year.
6. **SHEET PROTECTORS** – We need about 50 of these to go inside our ABC notebooks.
7. **FOLDER**- This will help us send messages back and forth from home to school and for projects to make it home safely.
8. **TISSUES** -You don't want your kid's little face covered with boogers all day. Stop the snot by loading in Kleenex.
9. **BABY WIPES**- For washing hands and cleaning faces
10. **HEADPHONES**- NOT EARBUD
11. **A WHITE T-SHIRT**- *these are for our end of the year shirts so plan on your child growing slightly through the year*
12. **REST TIME STUFF** \_ For students staying for the afternoon: a small pillow and blanket with student's name for rest time. **These need to be stored in a reusable shopping bag. Please no regular size pillow they don't fit in our cubbies.**
13. **EXTRA CLOTHES**- Kids get messy quick. A seasonally appropriate well-fitting change of clothes is essential. Whether they have an accident or spill on themselves, please pack these in a Ziploc bag to be stored in their cubbies. Label all clothes so frazzled teachers know what cubby it belongs in.

#### 14. **Optional supplies for the class**

- Forks and spoons
- Play dough
- Ziplock bags
- Barbasol Shaving Cream
