### COLLEGE CREDITS IN THE HIGH SCHOOL

**Commencing the 25-26 school year we will be offering AP Environmental Science, AP Statistics, AP Precalculus, and US History with a DE option. In the 26-27 school year, AP Biology will replace AP Environmental Science. We plan to flip flop the offering of those courses each year.**

**10th grade year:** Sophomores have the opportunity to take AP Environmental Science through Roberts Wesleyan University. Students can earn 4 college credits.

**11th grade year:** Juniors have the opportunity to take AP Statistics for 3 credits, Dual Enrollment US History for 3 credits, and AP Environmental Science through Roberts Wesleyan University for 4 credits.

**12th grade year:** have the opportunity to take AP Statistics for 3 credits, Dual Enrollment US History for 3 credits, AP Environmental Science through Roberts Wesleyan University for 4 credits, and AP Biology through Roberts Wesleyan University for 8 credits. Note: the prerequisite for AP Biology is high school level Biology.
