

Loudonville Christian School cultivate passion for God, Love for Learning, and Joy in Serving, to Impact the World for Christ.

"And Jesus grew in wisdom and stature, and in favor with God and man."
Luke 2:52

Expect Excellence. Experience Christ. 

Dear Friend of Loudonville Christian School,

Loudonville Christian School needs your help as we take decisive action to preserve quality Christian education for the next generation. In January 2025 the Board brought in experts in Christian education to help us enact a bold strategic plan we refer to as the **Aim Higher Campaign**. We have strengthened our mission, rightsized our staffing, and addressed accountability issues that have hurt the school over the years. Believing we could do all of this in our own strength, our re-enrollment has declined, and we are humbled. Our pride kept us from asking for your help to restore LCS to full health.

We seek to raise **\$500,000 now** to provide additional financial aid to enroll more children, improve compensation for teachers, and continue our strategic work from a position of fiscal strength. Privately, over \$100,000 has already been pledged and those efforts continue. Your contribution will be an answer to prayer as we focus on putting Jesus first in everything that children learn. We promise to honor your gift by inviting you to see and engage in the mission of LCS first hand, striving for greater accountability for funds spent, and covering you and your gift in prayer at all times.

Additionally, your personal involvement in LCS impacts the lives of children as they learn and grow in the classroom. We need your help in areas like communication, marketing, strategic development, philanthropy, as well as extracurricular programming such as service projects, athletics, and the arts as we focus our financial resources into the classroom.

'This will be a better community if we have more Christian education with children who graduate to go out into the world and, whatever they do, do it from the framework and the worldview of the Bible and Jesus Christ.'

Expect Excellence. Experience Christ.

A local Christian business leader reminded us that *'This will be a better community if we have more Christian education with children who graduate to go out into the world and, whatever they do, do it from the framework and the worldview of the Bible and Jesus Christ.'* Christian education integrates a biblical worldview into all learning and partners with families and the Church to equip children to become men and women to fulfill the Great Commission in their homes, communities and workplaces. In this context, academics excel, athletic teams compete, theater performances speak truth to audiences, and students serve in the community with joy. LCS graduates can present themselves before God as one approved without shame, correctly handling the word of truth (2 Timothy 2:15). We need your partnership in this mission as we shape the future of Loudonville Christian School.

You can make a one-time or recurring gift through our website or contact Brian Vlieg, Head of School (bvlieg@lcs.org) to discuss how you can partner more deeply with LCS. Follow us on Facebook and Instagram to see the daily activity of the school. Finally, if you have a testimony of how LCS impacted you, we would love to hear from you. Your experiences encourage us to greater heights and help us become the best that LCS has to offer.

Your help today and partnership into the future ensures that Loudonville Christian School will continue to provide top quality Christian education to children throughout the Capital District.

Thank you for investing in LCS children and families.

Your faithful partners,

Andrew Martin, Vice Chair LCS Board

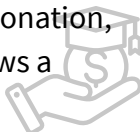

Brian Vlieg, LCS Head of School

How will your donation impact children at Loudonville Christian School?

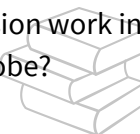

Loudonville Christian School offers **Variable Tuition** to make Christian education more financially accessible to families. Those who can cover the full tuition make it possible for those who cannot be part of our learning community. Without external funds, our efforts are limited.

- For each \$1000 in a one-time donation, an extra 10% reduction in tuition can be offered for a student considering LCS **today**.
- For each \$85/month in a recurring donation, an extra 10% tuition reduction follows a student all the way to graduation.

Service, Arts, and Athletics have long been an integral part of LCS education. Your one-time or recurring donation makes a difference.

- \$750/year would cover the supplies in an elementary classroom.
- \$3000/year covers supplies for our high school math and science department.
- \$3000/year would fund our theater program.
- \$2000-\$4000/year covers coaching and supplies for student sports like soccer, volleyball, basketball, or baseball.
- \$5000/year provides new Chromebooks for a rising class or provides technology replacement for our teachers.
- Would you like to sponsor a service trip for students to do mission work in our region or across the globe? Talk to us!
